DAırlab

WORKAIR ACTIVATION PROCEDURE

- Connect WorkAir to the PC via USB (the WorkAir electronics button will flash orange and vibrate, indicating that the device has not yet been unlocked)
- 2. Enter in our website <u>www.dairlab.com/en</u>
- 3. At the bottom of the homepage, to the right, click on "WorkAir Activation"

- 4. Click on "Connect WorkAir"
- 5. A pop-up will appear at the top of the page on the left: select the USB device (*"STM32 Virtual ComPort"*) and click on "Connect"

12. Click "Activate"

DAirlab

13. WorkAir is now activated! To ensure this: disconnect WorkAir from the PC, switch off the WorkAir using the button and switch it on again; if WorkAir first flashes blue and then green, orange or red (depending on the state of the battery charge), it is correctly activated and ready to use!

Good work with WorkAir!
